breaks a contract, said Mr. McCall, and it was only just that a charge be made against his reserve toward the expense the company would have in writing a new policy.

In reply to a question, Mr. McCall said that the New York Life Insurance company did not make a reduction in favor of German subjects in order to keep its hold on German business. Lawyer McKee said to him: "It has been alleged that there was a discrimination in favor of Spanish soldiers against American soldiers during the late war."

"I can answer that by saying that the New York Life did not issue a policy to a single Spanish soldier during the war."

Mr. McCall said the New York Life Insurance company began to make loans to its own policyholders.

"You know it is against the law for companies to make loans against their own policies," asked Mr. McKee.

"I never heard of it before," replied Mr. McCall.

Senator Tully asked how general this practice is among the companies. Mr. McCall said:

"We have been forced into it lately and there is really no difference between loans upon policies and surrender values except that in the latter case the policy does not continue in force."

Rufus Wells Weeks, actuary and second vice president of the New York Life Insurance company, succeeded Mr. McCall as a witness. After explaining much in detail of tables and technical management, Mr. McKee brought out that the company paid agents more for deferred dividend policies, which are easier to write, according to the witness, than they paid for writing the annual dividend policy.

After much questioning by Senator Armstrong, witness said this was because the deferred dividend policy was more to be desired by the company because it furnished a fund to carry on new business.

Mr. McKee asked him about the declaration made by the New York Life Insurance company in its returns to the Prussian government, which showed the dividend on the deferred dividend policies, and asked an explanation of greatly increased payments in the final year of the tontine.

Mr. Weeks said there was very little connection between the final allotment and the interim allotment. The share of the surplus each policy had earned was not added until the end of the period.

"The interim dividends are simply added to satisfy the Prussian government," said Mr. Weeks.

caused by summer heat, overwork, nervous disorders or impaired digestion. Relieves quickly.

JAIL SITE FOR SALE.

County Clerk J. E. Eldredge, Jr., will next Monday again offer for sale the western portion of the present county jail site on Second South and Second West streets. At the previous auction a bid of \$12 per Second South street foot was rejected by the county commissioners. Since that time it has been definitely determined to remove the jail to a site opposite the city and county building and it is believed this action will materially increase the value of the Second South street property. The piece offered for sale extends 32½ feet on Second South and 160 feet on Second West.

DON'T BE HYPNOTISED.

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of women's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "hoax" — poor whisky, or bad alcohol, or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, worn-out, "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic substitute for this world-famed medicine. You know what you want. It's his business to meet that want. When he urges some substitute he's thinking of the larger profit he'll make—not of your health.

If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.

These sugar-coated little pills are the smallest, the easiest to take, and the easiest to get down. They are the only pills that do not disturb the system, no violence, no disturbance to the system, no loss of occupation. They are the Original Little Liver Pills, first put up by old Dr. J. C. Pierce, over 40 years ago. They have been much imitated, but never equalled. They come in vials, always fresh and reliable; a convenient, neat-pocket remedy.

NAMES A NEW MAN.

Will G. Farrell Secretary of the Democratic Committee.

Will G. Farrell has been chosen secretary of the Democratic city committee and will take active charge of the work as soon as he can arrange his private business in a way to enable him to be absent from his office. Beginning with Monday next, he will give his entire time to the work of the campaign, and those who know Mr. Farrell best know

that there will be things doing every minute of the day and every day until the close of the polls on election day.

Mr. Farrell has been a consistent Democrat since the division on party lines in Utah. He has not been on the firing line in recent years, but he is just as enthusiastic now as ever and his whole soul is in the present campaign. He is at present the Utah representative of the Penn Mutual Life Insurance company. He has been actively engaged in the insurance business since locating in Salt Lake a few years ago.

The Democratic committee has been handicapped for some time past for want of a secretary. The regular secretary of the joint city and county committee, Will W. Ray, has been dangerously ill for some time. He is now able to be out, but will not be ready for hard work for some weeks. At the time of the convention and for a few days before Rollin W. Dole took charge of the Democratic headquarters pending the selection of a secretary. The press of work in his office made it impossible to give more time to the campaign.

The selection of Mr. Farrell is a happy solution of the problem. Chairman Martineau and the members of his committee are highly pleased with his selection, and over the fact that he has consented to give his time to the campaign.

TRY FUSION AND FAIL.

Republicans and Democrats Cannot Agree in the Fifth.

For several days there has been talk of a fusion on the councilmanic ticket in the Fifth ward between the Democrats and Republicans. Various propositions were submitted by representatives of the two parties, but no basis of agreement was reached. Various propositions have been called off. The Democratic ward committee will be called together by Chairman John Ararup in a day or two to fill the vacancy caused by the resignation of Robert Morris, the candidate chosen for the two-year term.

Will G. Farrell.

IT'S A FACT!

Our sales in September this year were 600 per cent greater than they were for the same month in 1904.

WHY?

The answer is in our styles, qualities and prices. Truth travels slow, but it's a stayer. "Can't fool all the people all the time."

We are devoting many years of experience to a business that cannot be conducted by a jack-of-all-trades successfully.

We know where to find values and share these advantages with our patrons.

We contracted these goods six months ago. They have since advanced about 20 per cent. That will be our profit.
